

I NEVER WALK ALONE

My song "I Never Walk Alone" was inspired by a prayer I wrote in 2009. I was going through a difficult time in my life and the prayer brought me hope and comfort. It was on my bucket list to compose a song based on the prayer's message. We live in such a fallen world and I felt an urgency to remind everyone of God's love and living presence in our life. No matter what we are enduring, Jesus is with us. The message is simple but so true and powerful.

"Laura Sawosko's song 'I Never Walk Alone' has a strong positive message to those who really need to hear it right now. As a woman of faith, I wanted to be a part of this life changing song that will inspire even the non-believers. I'm honored and so humbled to be able to use my voice in her creative project."

You are rarely early
But I know you're never late
Your timing's perfect
Upon you I will wait

You fight all my battles
In the darkness there is light
I lead by faith
And not by sight

I shall dream when I'm waiting
I shall love when my heart's broke
I shall believe, when there's
No reason left to hope
With you Jesus
I never walk alone

I know that you're working
When I don't see any change
All I gotta do, is cry out to you
And whisper your precious name

I shall dream when I'm waiting
I shall love when my heart's broke
I shall believe when there's
No reason left to hope
With you Jesus
I never walk alone

I shall forgive when I'm betrayed
I shall enjoy every day
I'm not worthy but I know
With you Jesus
I never walk alone

I shall dream when I'm waiting
I shall love when my heart's broke
I shall believe when there's
No reason left to hope
With you Jesus
I never walk alone
With you Jesus
I never walk alone
